

Being The Presence of Christ

Go + Tell North Hills Prayer + Discussion Guide

As a group, take time to notice the faces of the people around you. Try to really see each person.

Discuss the following together. If you have children in your group, be sure to include them in sharing their thoughts, observations, and ideas for sharing Jesus with those they see.

- Who or what did you notice that you did not expect? What did you expect?
- How are you surprised by what you have observed?
- How is the gospel needed in this space with these people?
- What challenges do you see in sharing the gospel in this context?
- Imagine how the presence of Christ might make a difference in the lives of the people you see
- How can you be the presence of Christ here in North Hills? What tools or resources would you need to do so? Who would you recruit to help you? What would be your first action step?

Take time to each pray over this community, these people, and God's mission set before us as we seek to be the presence of Christ in North Hills.
